TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Rye in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Rye on Tuesday the Twelfth day of March, next, at ten o'clock in the forenoon, to vote upon the following subjects:

Article 1. To choose all necessary Town Officers for the year ensuing.

Article 2. To choose all necessary officers for the Rye School District in accordance with the statutory procedure adopted by said District at its March 1962 annual meeting.

You are hereby further notified to adjourn to meet at the Rye Junior High School on the sixteenth day of March, next, at seven o'clock in the evening to vote upon the following subjects:

Article 3. To see if the Town will authorize the Selectmen to hire money from the Trustees of Trust Funds.

Article 4. To see if the Town will authorize the Selectmen to hire money in anticipation of taxes.

Article 5. To see if the Town will vote to allow five percent discount on all property taxes paid on or before October 1, 1968.

Article 6. To see if the Town will vote to authorize the Selectmen to lease Sawyer's Beach, so called, from the owners for another year.

Article 7. To see if the Town will authorize the Selectmen to sell a certain piece of property with the cottage thereon, deeded to the Town by the Tax Collector on June 29th, 1967 to Stephen C. Kimball, nephew of the former owner. The cost to be the amount due for delinquent taxes plus accumulated charges and the interest to date of sale.

Article 8. To see if the Town will vote to authorize the Selectmen to sell and convey any other property acquired by Tax Sale. Said property to be sold at Public Auction or by sealed bids.

Article 9. To see if the Town will vote to raise and appropriate the sum of One thousand five hundred ($1,-500.00) dollars as a contribution from the Town of Rye to the Portsmouth Mental Health Clinic.

Article 10. To see if the Town will vote to raise and appropriate the sum of Three thousand ($3,000.00) dollars to erect a shelter at the Rye Recreation Area.

Article 11. To see if the Town will vote to raise and appropriate the sum of One hundred sixty two dollars and twenty cents ($162.20) as Rye's share of the Rockingham County Anti-Poverty Program.

Article 12. To see if the Town will vote to raise and appropriate the sum of One thousand ($1,000.00) dollars to purchase the old gravel pit known as the old Herne pit.

Article 13. To see if the Town will vote to utilize the Old Herne gravel pit (so called) as an area for disposing of waste and refuse, utilizing a land fill type program.

Article 14. In the event of adverse action on the preceeding article to see if the Town will vote to authorize the Selectmen to purchase land for a new dump site, construct roads to same, build power lines thereto, install or obtain an adequate source of water for the operation and protection of same, dismantle the present refuse burner and erect it at the new site and to do all other things desirable or essential to accomplish this changeover to a new dump site and to raise and appropriate the sum of forty five thousand ($45,000.00) dollars to cover the cost of thereof by issuing town notes or bonds in accordance with RSA Chapter 33, the "Municipal Finance Act."

Article 15. To see if the Town will vote to authorize the Selectmen to enter into a contract with other area towns and the City of Portsmouth to establish an area refuse disposal system for which some Federal monies are available.

Article 16. To see if the Town will vote to raise and appropriate the sum of Ten thousand dollars ($10,000.00) for complete rubbish collection throughout the Town.

Article 17. To see if the Town will vote to raise and appropriate the sum of Thirty seven thousand ($37,000.00) dollars to purchase the John E. and Emma S. Johnson property at the intersection of Lang and Washington Roads, to enable the Town to complete the widening and straightening of Lang Road, (this article is submitted on recommendation of the Historic District Commission) and to authorize the Selectmen to

issue Town Notes or Bonds in accordance with RSA Chapter 33, the "Municipal Finance Act," for this purpose.

Article 18. To see if the Town will vote to raise and appropriate the sum of Thirty one thousand ($31,000.00) dollars to purchase the John E. and Emma S. Johnson property at the intersection of Lang and Washington Roads, but excluding the westerly 200 foot wide strip of such land running from a northerly frontage of 200 feet along the new layout of Lang Road southerly to the southerly border of such property to enable the Town to complete the widening and straightening of Lang Road, and to authorize the Selectmen to issue Town Notes or Bonds in accordance with RSA Chapter 33, the "Municipal Finance Act," for this purpose.

Article 19. In the event of favorable action on either of the two preceeding articles, to see if the Town will vote to authorize the Selectmen to dispose of any or all of the aforementioned property, except such part thereof as is required for the widening and straightening of Lang Road, upon such terms and for such price or prices as they deem in the best interest of the Town.

Article 20. For the purpose of widening and straightening of Lang Road, to see if the Town will vote to raise and appropriate the sum of Twelve thousand ($12,000.00) dollars for moving and relocating the Johnston house in a different position on the same property. This Article is submitted on recommendation of the Historic District Commission.

Article 21. In the event of adverse action on articles No. 17, No. 18, and No. 19, to see if the Town will vote to carry out the original layout to improve and widen Lang Road as laid out by the firm of John W. Durgin, Engineers, on a plan entitled "Details—Lang Road, Rye, N. H." originally "Plotted by Buxton April 27, 1967," to be on file in the Town Clerk's Office and to authorize the Selectmen to carry out condemnation proceedings to acquire the necessary land for this purpose. Also to see whether the Town will vote to authorize the Selectmen to use for this purpose such portion, if any, of the funds voted under Article No. 20 as they deem proper, or should be required to pay, for condemnation damages.

Article 22. To see if the Town will vote to purchase a new fire truck and equipment and to raise and appropriate the sum of Twenty one thousand ($21,000.00) dollars therefor

by withdrawing this amount from the Capitol Reserve Fund that was established for the purchase of fire trucks and equipment by vote of the annual Town Meeting in March 1965.

Article 23. On petition of Richard H. Oeser, Lois M. Oeser, Mary J. C. Maguire and fifteen others

To see if the Town will vote to authorize the Selectmen to have opened for its original use by the townspeople the "Old Town Way" to the beach between the properties of Joseph A. and Dorothy U. Frost on the easterly side of said "Old Town Way" and Mr. and Mrs. William F. McConnor on the westerly side of same right of way to the beach.

Article 24. To see if the Town will vote, for the purpose of assuring there will be no conflict of interest in the membership of the Budget Committee, to exclude from membership thereon any member at large otherwise serving on any Board of Trustees or Commission of the Town of Rye which has authority to expend funds of the Town; this Article to take effect January 1, 1969. See R.S.A .32:2.

Article 25. To see if the Town will vote to amend the Town Ordinance regulating the uses of Public Sea Beaches; adopted March 9, 1954, by enacting as Section 8a thereof, the surfing regulations promulgated by the Selectmen on June 26, 1967, entitled "Order Prohibiting Surfing," as amended July 19, 1967.

Copies of such "Order Prohibiting Surfing" and the amendment thereof dated July 19, 1967, are available at the Town Clerk's office, were posted with the town warrants for the 1968 town meeting, and are available at this meeting.

Article 26. To see if the Town will vote that town employees be allowed up to five (5) days sick leave annually, and further, be allowed to accumulate up to thirty (30) days (unused) sick leave individually.

Articlt 27. (a) To see if the Town will vote to accept the budget submitted by the Budget Committee and pass any vote in relation thereto, and

(b) To raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year.

Article 28. To see if the Town will vote to authorize the Selectmen to appeal to the New Hampshire Port Authority and/or the State Legislature for relief from the provisions of RSA Ch. 483-A and Ch. 488-A which prohibits filling and excavating of marsh lands in so far as to permit filling and

excavating adjacent to established highways within the Town of Rye to depth of 200 feet back from said highways or the depth of a recorded lot, which ever is the least and to be allowed to grant permission for construction on these areas according to the Town of Rye Zoning Laws and under the regulations of the Rye Planning Board and the New Hampshire Water Supply and Pollution Control Commission.

Article 29. To transact any other business that may legally come before this meeting.

Polls will not close before Six O'clock P. M. March 12, 1968.

Business meeting at Seven O'clock P. M. at the Rye Junior High School Auditorium March 16, 1968.

Given under our hand and seal this nineteenth day of February in the year of our Lord Nineteen hundred and sixty-eight.

SHIRLEY B. TIBBETTS,
RALPH F. HAMMOND,
ROBERT B. GOSS,
Selectmen of Rye, N. N.

Article No. 14 Relocate Town Dump	$ 45,000.00
Article No. 16 Rubbish Collection	$ 10,000.00

Selectmen's Report

To the Inhabitants of Rye, New Hampshire:

The past year has been a very busy year for the Selectmen as well as all other town officials and members of the various committees.

The Town is "growing", therefore, the amount of work connected with it grows too. The Board of Selectmen have endeavored to keep all appointments and answer all correspondence. At the writing of this report, we have very little unfinished business. We do hope to complete this as soon as our work for the Town Report is completed.

The Planning Board has been very active this year. We feel quite sure, in the very near future, we will be hearing from them with the results of their work.

The Town has had several adversities this year:

1. The 1966 Police Cruiser was damaged while it was stopped on the shoulder of the highway on Lafayette Road. It was stopped to investigate an accident. The damage was repaired and the costs recovered from the insurance of the trucking concern.

2. After the 1965 cruiser was traded for the 1967 cruiser, the 1966 cruiser was again in an accident and was totally wrecked and sold for salvage. We were fortunate that the 1965 cruiser had not been sold by the dealer. so we bought it back again. This means that we have a three year old cruiser to trade this year.

3. The new diesel operated track type of bucket loader that was bought for the operation of putting the refuse in the burner at the dump, was severely damaged by an explosive fire. Therefore, the loader was put out of working condition until repairs can be completed. This made it necessary to hire a tractor until the repairs are completed.

4. The residents of the Town are well aware of the

court's decision on the incinerator. The step the Selectmen took, in order to maintain a dump for the people, was the only step that could be taken at the time. Only time will tell how this problem can be handled in the future.

The "big" project of the year has been Lang Road. We are endeavoring to do everything possible to make the road safer for travel. When this work is completed, it will be entirely up to the operators of the automobiles to prove that we have accomplished what we set out to do.

No report would be complete without paying heed to certain people who help make a Town what it is.

The members of the Rye Ambulance Corps certainly deserve a great deal of credit and praise for the work and many hours put in for the well being of the people entrusted to their care.

The Memorial Day observance, as usual ,was very befitting for the occasion. Guest speaker being Congressman Louis C. Wyman. Thank you to the Rye Veterans of Foreign Wars for making this day a success.

This year we add the Spend-Drifters Dance Club to our list. A group of the club offered their services "free" to paint the Town Hall. There is still some work to be done but what has been done is sure a big improvement.

We wish to thank the Rye Fire Department Auxiliary for the excellent meals served on our election days and for the many new additions to the Fire Station kitchen.

We wish to thank the Police and Fire Departments for maintaining order, the saving of property and helping to spread good will to all.

The sport of surfing, this summer, created a problem. The Selectmen handled this problem in a manner which we felt was for the best interest of the Town. We do believe that the new regulations that were put into force proved very satisfactory.

We would like to thank Frank Tonis for planting the beautiful flowers in the diamond at the stop sign

where Woodland and Souths Roads meet. This certainly is a very pleasing sight for all to see.

There never is space enough in any report to say all that needs to be said and to say "Thanks" and give praise to all deserving persons.

Respectfully Submitted,

RALPH F. HAMMOND,
ROBERT B. GOSS,
SHIRLEY B. TIBBETTS,
Selectmen

HUNT'S ACCOUNTING SERVICE

RAELENE L. WHITE,
Town Clerk

Highway Agent's Report

To the Citizens of Rye:

Each year when the department heads make up their reports for the Town book we try to explain some of the things that were done the year before and project some thought of what may be needed for the year ahead.

At this time of the year after nearly two weeks of storms and wind it would seem appropriate to assess the effect on driveways and highways. It is safe to assume that you want the roads plowed or what would be the use of doing your driveway if that was as far as you could get. Snow must be plowed to the side of the road and if there are driveways, snow will be plowed into them. This is increased if the driveway is done early in the storm. In the early Jan. storm four trucks and a grader had hard work to keep the middle of the road open and couldn't widen out until after it stopped snowing and the wind went down. Four days and nights of plowing means a lot of trips past your house. The men who work from eight to more than thirty hours without sleep are not out there to see how hard they can make it for you, rather they are trying to get a job done so they can go home to a warm house and television or a warm bed like you are enjoying.

This brings up another condition that has been growing rapidly in the past few years. The plowing, shoveling and blowing of snow into the highways. This is not only done during storms but after we have finished plowing causing a hazard to the general public. While

there seems to be some question as to the legality of pushing snow into the road there is no doubt that it is unlawful to create a hazardous obstruction in the highway. How would you feel if you knew that you caused such a hazard that injured a friend or a member of your family or had hired someone to do it. I feel that most people do not think of the danger in what they are doing.

We wanted to start the Lang Rd. improvement early in the fall but were not able to start until Dec. Some years we have a mild Dec. and first part of Jan. and a lot of clearing and filling can be done. Unfortunately we got very little done. In the spring when we start up again bear with us the delays and maybe some detour conditions that may occur. These are only put in effect when we feel it's for your safety.

Drainage problems still plague the town and no doubt always will so we have to budget for this item again this year.

There is a growing resentment to the town removing trees. I can assure you that the town could use this money in many other ways yet it has the responsibility of safe guarding the general public. Some of these trees have been unsafe a long time and are dangerous to everyone who is near them. Disease, borers and the effects of hurricanes in years past have doomed many more. We have cut down many large trees and found the main body to be twisted and split from past storms. The effects are now showing and the trees can no longer offset it.

The problems of highway maintenance are many and no generation before has ever solved them all. The many new problems that keep arising will keep engineers busy for years to come.

I would like to take a little space here to thank the police and firemen who have called me many times this winter to inform me of road conditions. In the past years I took care of this myself and on fair nights set the alarm every two hours, on cloudy nights every hour.

It was not unusual to go out three times a night to check. This winter maybe through a better understanding between us I feel I can now rest until early morning hours when they go off duty. This I certainly appreciate because it was a schedule hard to keep up.

Some of the statements made in this report may seem quite critical but I only wish to point out that some of the things that are being done may cause serious conditions and I am only asking for your co-operation.

CHARLES P. GORDON,
Highway Agent

Fire Chief's Report

To the Citizens of Rye:

Time goes by fast and it is time for another report to the people of the town. The greater part of the financial work is taken care of by the clerk at the Town office. Purchasing and administration is handled through the Chief. This has taken some of the work load off the Treasurer who for many years handled the Fire Dept. payroll.

The year has past without any large fires for which we may be thankful for big fires mean the loss of valuable property. We did have a chance to find out how the alarm system worked at the church and it worked very well. Because of the construction of the new church it is doubtful if the fire would have reached the floor above the kitchen but the heat and smoke damage would have been increased many times. As you may know a simular system was installed in the library when it was enlarged. These two systems are connected to bells in the fire station.

We have been voting money each year for a capital reserve fund to buy a new fire truck and this year should give us enough if the people will again vote for it. A new and heavier truck is very much needed as the trucks we now have are getting old and are very much overloaded.

While many of our call firemen have attended training schools in the past, the need in attending more often is necessary to refresh the things learned in the past and to become acquainted with new methods of fire fighting being developed each year. I cannot urge you enough to make a greater effort to attend at least one of the great training schools in the state. One is at Guilford and is sponsored by the Lakes Region Mutual Aid Association. The other is held at Fitzwilliam and is sponsored by the Fire Chiefs Club of N. H.

The Women's Auxiliary has been busy this past year putting on meals and card parties to raise money for the

many things they buy for the fire station. This year they purchased an American flag and a fire dept. flag which may be seen in the meeting room at the station where many of the committees working for the town hold their meetings. They also purchased a new electric stove for the kitchen and a AF-AM radio for the fire office. I believe the girls deserve a big thank you.

The firemen still handle radio calls for the Police Dept. although much of this is done by the clerk in the Police and Selectmen's office during the day in her working hours. The Ambulance dispatching is handled in much the same way.

I feel I should put in a word for this Ambulance Corps because it is a busy one. These people give freely of their time and labors to attend training meetings every Wednesday night and to have someone on call day and night. This group is small and it puts a big demand on their time. I know they would like to have more of our citizens take an active part in this great service. You will not only receive wonderful training from the members and the Doctors who also give of their valuable time at these meetings but you may gain some knowledge that might save some member of your own family if stricken.

Your Fire Department answered forty seven calls during the past year as follows:

Eight building fires, seven car fires including truck and tractor. Two flooded oil burner fires, six grass fires, one building struck by lightning, three calls to check smoke, 1 electrical fire, two calls to assist persons locked out of their homes, two rubbish fires in back yards, five false alarms, two chimney fires, gasolene spilage to flush away, tree fire, fire and sprinkler alarm went off one each.

We answered four mutual aid calls, three to Greenland and one to North Hampton. Portsmouth, New-Castle and North Hampton responded one call each to Rye.

CHARLES P. GORDON,
Chief Rye Fire Dept.

CHARLES P. GORDON,
Fire Chief

Report of the Fire Warden

This past year we have had no forest fires for the second consecutive year. This is due largely to the fine cooperation of the people of the Town, with a great deal of help from the many showers during the fire danger months. When the ground is bare and dry we will continue our policy of no burning between the hours of 9:00 A.M. to 5:00 P.M. This policy, which we have followed for several years, is now a state law.

Three hundred and thirty-two permits were issued this year. To repeat last year's advice, we must be careful to:

1. Teach our children the danger in lighting matches.
2. Never discard lighted smoking material from a car or while walking through the fields or woods.
3. Safely dispose of rubbish at the town dump. If you must burn rubbish or brush, start your fire late in the day, after 5:00 P.M. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Thank you again for helping us have a good year.

E. LEROY GREENE,
State of New Hampshire
Forest Fire Warden for
Town of Rye

Municipal Court

Last year the Rye Municipal Court handled 222 Cases. All were misdemeanors with the exception of one felony which was transferred to the Rockingham Superior Court in Exeter, N. H. for final disposition.

There were 129 violations of the State Motor Vehicle Laws, 77 violations of the Town Ordinances, and 16 Cases of violation of the New Hampshire Fish and Game Laws. With the exception of the cases brought in by the New Hampshire Fish and Game Department, the great majority of the rest was brought in by the Rye Police Department and prosecuted by the Chief of Police, Eli W. Perry.

The past year has seen more changes in the Court's administrative procedures. These changes were initiated by the Administrative Committee for District and Municipal Courts in order to uniform the procedure of the New Hampshire Court System. All of their recommendations have been incorporated into the administration of the

affairs of the Rye Municipal Court.

The Court would like to take this opportunity to thank the Board of Selectmen and the Rye Police Department, as well as other law enforcement agencies involved with the work of the Court, for their cooperation during the past year.

Respectfully submitted,

CHRISTOPHER S. CHRISTO,
Clerk

CHRISTOPHER S. CHRISTO,
Clerk, Rye Municipal Court

Rye Police Department

To The Citizens of Rye:

Again many thanks to everyone who assisted this department during the past year.

With our work load being heavier due to the increase in population and the increase in crime rate we find we need another full time police officer so that we can keep a cruiser on the road 24 hours a day. Under the present setup the night cruiser goes off the road at 3:00 A.M. This is not a healthy situation with the increase in crime in this area. I am convinced that the best deterant to crime is an increase in patrol activities around the clock.

The following is a list of some of the offenses and miscellaneous items that were handled by this department during the past year:

COURT CASES

Criminal:

Minors with beer or liquor in their possession	30
Town Ordinance Violations	3
Drunk	2
Selling or Discharging Fireworks without license	2

Motor Vehicle Violations:

Speeding	38
Solid Line	21
Stop Sign	56
Operating Unregistered Vehicle	4
Operating without License	5
Operating Uninspected Vehicle	5
Driving While Intoxicated	11
Muffler Violation	1
Misuse of Plates	1
Operating after Suspension or Revocation	2
Leaving scene of accident	3
Operating with Defective Equipment	3
Allowing Unlicensed Person to Operate	1

Failing to Stop for a Police Officer	2
Obstructing Operator's View	2
Operating Overwidth Vehicle	2
Operating motorcycle Without Protective Gear	1
	195

ELI W. PERRY,
Chief of Police

Planning Board

Since our last report, your Board has held and continues to hold regularly scheduled every other Monday meetings for the purpose of again revising our Zoning Ordinance provisions. Our anticipated schedule goal of completing and presenting a new revised ordinance at this 1968 town meeting has not materialized. However, revision is progressing very well and completion is expected later this year. Achievement of this goal appears most optimistic at this time.

Planning Board activity and services continue at an ever increasing volume and pace. It is and will continue to be our policy to handle requests for action and/or decision as expeditiously as circumstances allow. In that regard, all citizens are again reminded that the Board exists to serve you, that they may make inquiry of or referral to any member of the Board concerning any business within its cognizance and be assured that it will be a part of the agenda of the next scheduled meeting. Also that public attendance at any of our regular meetings is not only welcome but encouraged.

This opportunity is also taken to advise all those whose business with the Board involves presentation of a final lot plan or subdivision plat, that you do so with no less than three copies, one of which must be a reproducible. The Register of Deeds of Rockingham County requires that the Planning Board approved copy submitted to that office for recording be a reproducible only.

Mr. R. Norman Stern has been most ably succeeded on the Board by Mr. Frank Tonis of South Road. However, we express our many thanks to Mr. Stern for his long service and valuable contributions to the planning effort in our community.

Before concluding my report, you are again reminded that within this year 1968 you will again be faced with the decision of accepting a complete revision to your existing Zoning Ordinance. You can be assured that the

newest revision is now structured as close as humanly possible to that which you collectively expressed you wanted and that which it must be to adequately serve you. However, it is also a certainty that each of us may find some one provision that fails to meet our high standards for approval. We cannot afford to reject it on that basis.

The Rye Planning Board has tried to serve you well over the past year. We hope we have succeeded. We look forward to serving you again this coming year.

Respectfully,

LEON H. VALLEY, Chairman
Rye Planning Board
Rye, New Hampshire

Report of the Board of Adjustment

The Rye Zoning Board of Adjustment meets in the Rye Town Hall at 7:30 P.M. on the second Tuesday of each month. In addition, Public Hearings are held as required, due notice of which is published in the Portsmouth newspaper.

During the year five public hearings were held, seven petitions for variances were considered, six petitions were granted and one was denied.

Respectfully submitted,

L. S. STEWART, Chairman

Report of Library Trustees

The big event for the Rye Public Library in 1967 was the completion of the much desired addition to its facilities. Altogether, $67,642.76 was expended for this

purpose, and the climax to this event was the Open House in August which was attended by many townspeople. The new addition, more than doubling the area of the original building which cost $7,500.00, is the first improvement since its dedication in 1911.

During the period of construction, Helen Trefethen, librarian, and Marguerite Leach, assistant librarian, worked under adverse circumstances to serve the Town of Rye. Now that the addition has been completed, both the Trustees and the Library Staff are very pleased with the facilities and space created.

This year we are very fortunate to have a "Friends of the Library" group in Rye. It is composed of about 40 members who are willing to help the library in various ways. For instance, the Friends took charge of refreshments, decorations and publicity for the Open House in August; they helped make the Christmas Story Hour for children such a success in December; the second and fourth Tuesday of each month several Friends meet to mend books. The program chairman hopes to have another Story Hour for children in April. We are all grateful to the Friends who have helped us so much since they were organized last spring. New members are always welcome to join the group.

The library is now open on Tuesday mornings from 9 to 12 o'clock, in addition to the regular days, Mondays, Wednesdays and Fridays from 2 to 8 o'clock. In addition to the Christmas Story Hour, the three second grades of the Rye Elementary School came to the library on a field trip, and a motion picture was shown through the courtesy of the Exeter Branch of the N. H. State Library. A book meeting of the Southeast District of N. H. was held at the library in September. Both Librarians have attended district meetings during 1967.

Books made available through the Bookmobile were classified as follows: 114 adult fiction, 201 adult non-fiction, and 273 juvenile. In answer to specific requests of

patrons 210 non-fiction books were borrowed from the N. H. State Library during 1967. Total book circulation for the year increased to 27,308 volumes, of which 9,773 were juvenile and 6,882 non-fiction.

Due to generous contributions from various Rye residents and organizations, much needed equipment, not included in the budget, has been provided. The Trustees and Library Staff are greatly indebted to the following for their help: Mrs. Howard W. Alling, Mrs. Lillie Watson Ham, Mrs. Edward S. Sawyer, Mr. Donald Reagan, Mr. and Mrs. John Parsons, Rye Junior Women's Club, Rye Tuesday Club and E. Leroy Greene.

The Trustees are very proud of the new Rye Library and its able librarians. We are indeed fortunate to have Helen H. Trefethen, her assistant, Marguerite Leach, and Lorraine Cameron as a fill-in librarian, who all work so hard to further educational and pleasurable reading in the Town of Rye.

This year, due to the illness of the Librarian, Mrs. Helen Trefethen, the librarians report has been incorporated with the trustees report.

THEODOSIA C. WYATT

JOHN L. PARSONS

RYE PUBLIC LIBRARY ADDITION

The final payment on the new addition to the library was made in December 1967. With the addition of two new stacks, there are space facilities for about 14,500 books at the present time. Over 3000 square feet have been added to the library. In the lobby a new charging desk has been installed. This attractive piece of furniture greatly facilitates the receipt and discharge of books. It is the gift of Mrs. Howard W. Alling. A children's room is now located in the former stack room. This area has been car-

peted to provide a safer, more resilient and comfortable floor covering. It also gives warmth and beauty to the room, and was given by Mrs. Lillie Watson Ham. The purchase of new furniture, designed for children, was made possible by contributions from the Library Memorial Fund, Mrs. Edward S. Sawyer, and Mr. Donald Reagan. The study and reference room has been carpeted to provide a quieter area for its use. Two Tasha Tudor pictures presented by Mrs. William Daniell, and a steel engraving of Daniel Webster, given by Mr. Carroll Brown in memory of Miss Agnes Brown, also add to these areas.

The stack room, in the new section of the building, is designed to care for present and future needs. The stacks are spaciously arranged and illuminated to provide easy access to the books. In the same area is the "Adult Reading Room", which is furnished with comfortable chairs and tables. Nearby, on one of the new stacks, approximately fifty current magazines are available for room use. In a small closet off the stack room, back issues of selected magazines are stored. Between the stack room and the original building is an office for the library staff. Ths is recommended as a necessity in the administration of a good library.

Easy stairs lead to the basement floor and rest room facilities. In the lower hall, there is a drinking fountain. For future library services, as expansion area is located under the stack room. This basement room, approximately 30x34 feet, may also find other uses in the meantime. A rear entrance is available to the lower floor, which can be shut off from the upstairs library when desired. A separate heater room, with access only from the outside, is partioned off from the existing basement. A service sink is provided for the custodian. The basement under the original building is now employed for storage purposes, including magazines. Reading seats in the library have been increased from 20 to 46. The Rye Lions Club has made possible the purchase of a much needed bulletin board. Both the Trustees and the Library Staff are very well pleased with the facili-

ties and space created by this new addition. We urge the townspeople to make use of the expanded services our library now has to offer.

Health Officer's Report

There has been new legislature passed which directly affects this department. The water and pollution law enforces the inspection of septic tanks and drainage fields on this department, especially in places where the contamination of water is in doubt.

The new law concerning rabies shots, of course, is another important act of legislature. If it is known that a rabid animal is in an area immediate heed and precaution should be taken. Notifying the local authorities is an important step.

Cases such as rubbish disposal on private property and overflowing of septic tanks onto private property were investigated and the situations were taken care of.

It is impossible to list all the various duties of this department individually, but the main duty of this department is to try to maintain a "healthy" situation for the people to live in.

The Health Department can enforce the law, teach the law but the people themselves have got to obey the law.

Respectfully submitted,

SIDNEY R. BAKER, M.D.,
Health Officer

Rye Ambulance Corps, Inc.

The Rye Ambulance Corps is now completing its sixth year of service to the community. The fully trained corps of men and women volunteers are available for the transportation of sick and injured 24 hours a day, seven days a week.

Each member of the Corps holds a Red Cross advanced training card and during the past year one of our members attended a three day intensive training course for

ambulance personnel, bringing back much valuable information.

Training sessions are held at the Rye Fire Station each Wednesday night at 8:00 P.M., except in the months of July and August. Visitors are welcome at any time. In addition, an advanced First Aid course is offered at some time during the year which is open to the public.

During our six years we have completed 681 trips.

In 1967 trips were as follows:

Portsmouth Hospital	107
Exeter Hospital	11
Naval Hospital	5
Mass. General Hospital, Boston	2
Baker Memorial, Boston	2
Deaconess, Boston	2
Hitchcock, Hanover	1
Hillsboro, N. H.	1
County Home, Brentwood	1
Wentworth Hospital, Dover	1
University Hospital, Boston	1
V. A. Hospital, Manchester	1
Concord Hospital	1
Lakes Region, Laconia	1
Total	137

This year we received requests from two area towns for information on forming a corps of this type. It was good to know that they felt we were well enough established to be able to give them some help. Also, this year, we have been approved for service under the strict requirements of the Medicare program.

Once again we would like to express our appreciation to Dr. Sidney Baker, Corps Commander; Dr. Isaac Katz, Dr. William Bradley and Dr. Chien-Min Chen, Deputy Commanders; and to all the doctors in the Portsmouth area who have taken the time to lecture us. Also, we would like to express sincere thanks to the donor of the fine

new motion picture projector and screen which we received this year.

This year 530 families in the town availed themselves of the $3.00 subscription entitling them to ambulance service to nearby hospitals for one year. This year the subscription period will close on May 1, 1968, except for new residents moving into town, or summer residents.

Once again we say "Thank you" to Mrs. Jennie Perry, Richard Eaton, Edwin Bromfield and Leonard Brown for their cooperation in receiving calls and dispatching the ambulance crews.

At this time I would like to add my own personal thanks to each and every member of the Corps for their cooperation during my year as President of the Corps.

Respectfully submitted,

WALTER R. DUNTON, Pres.
Rye Ambulance Corps, Inc.

Rye Recreation Commission

This is the second annual report of the Rye Recreation Commission and I feel it has been a successful year.

This year we initiated our first summer program at the Recreation Area. It started on June 26, 1967 and ran for 8 weeks, five days a week. Considering it was our first year and we started from scratch, it went off very well. We were very fortunate to have as our director, Mr. Wayne Elliot of North Hampton, N.H. I cannot say enough for the tremendous job Mr. Elliot and his able assistants, Mrs. Beverly Teague and Miss Nancy May of Rye did for us this year.

The total number of children registered was 200, of which 98 were boys and 102 were girls. Total attendance over the 8 weeks was 1090. The highest day was 67 and

the average was 28 per day.

Our biggest draw back was of course, the lack of facilities. We were extremely lucky as far as rainy days were concerned. I think you can easily understand the predicament you are in with 30 or 40 children on hand when it suddenly begins to rain. This is why we are again asking for a shelter in this year's budget, and ask your support. I know I do not need to go into a long discourse on the advantages of this type of program and in the final analysis it is your area, your program and your children. A full report of the summer program is on file with our secretary, Mrs. Shirley Tibbetts or at my home if anyone would like to read it.

We also were able, this year, to complete our perimeter road under the able supervision of our Highway Agent, Mr. Gordon. I think if you take the time to walk this road you would more fully appreciate the potential of the area. We also did some brush clearing in the picnic area and made some improvements to the skating pond. We hope to be in a position to apply for outside funds from the Spaulding-Potter Fund this year.

We wish to thank the following for their generous contributions: Rye Lions Club and Iafolla Charitable Trust.

In closing I would like to leave you with this thought; From all reports I read, recreation has come into it's own and is here to stay, support our Town's Recreation Program.

Respectfully submitted,

JOHN P. HAYES, JR.
Chairman

RYE

SALT MARSHES

RYE CONSERVATION COMMISSION

RYE, NEW HAMPSHIRE

In accordance with Public Law 36-A passed in the 1963 State Legislature the Town of Rye established the Rye Conservation Commission for the promotion and development of the natural resources and for the protection of watershed resources of the Town of Rye. In line with this approach one of the prime objectives of the commission is to distribute pamplets from time to time to inform and enlist cooperation from the people to aide in its work. By this method the commission hopes this pamplet will provide the townsmen of Rye with an insight into the unique and invaluable natural resource of the Rye Salt Marshes.

There are perhaps as many different ideas on what salt marshes are as there are people, however, most concepts of salt marshes fall into a few basic categories. Many people view salt marshes as simply endless acres of seemingly idle salt meadow hay through which muddy tidal creeks pick their way. Such people reason something like this, "surely such marshes were once highly valued by the early settlers for salt meadow hay but in this modern world such hay is not a necessity and what good are the marshes now?" To these people, many of whom pass by the salt marshes daily, the marshes are there and that is it, what happens to the marshes in the future is of little concern to them.

Other people see salt marshes as an excellent opportunity for industrial plants, airports, unimaginative housing developments or even a place to dump rubbish or unwanted fill. There is little doubt that such schemes are planned and pose an immediate threat to the remarkably unaltered Rye Salt Marshes. Such plans under the guise of progress can in a matter of months or, at most, a few years destroy what it has taken nature ten to twenty thousand years to build and maintain. Once destroyed by man in this manner the marshes are gone forever. In face of such an onslaught what guarantee have future generations that they will hear the whistle of black duck wings or glimpse the majesty of canada geese in Rye? Obviously man must make progress but let it be with an eye toward other less valuable areas in the town.

Still other people recognize the salt marshes as the extremely complex and dynamic units that they are with their full capacity of acting as: a spawning grounds for winter flounder and salt water

smelt, a food producing area for mackerel, cod and haddock in our nearby coastal waters, a breeding and resting place for waterfowl, a breeding territory for many species of birds, animals, and crustacea and certainly an elegant contribution to the coastal scene in Rye fully as important as sand dunes or crashing surf.

It is certainly interesting to note that salt marshes are more important to the town of Rye than might at first be realized, but just how important are they? A good starting point in answering this question is a knowledge of how many salt marshes are in Rye and the extent of each. Rye has four fairly sizable marshes (page 4) the name and approximate acreages of each are as follows:

1. Fairhill or Seavey Creek	—	388 acres
2. Wallis Road Marsh	—	161 acres
3. Awcomin Marsh	—	207 acres
4. Rye Harbor Marsh	—	94 acres
Total Acreage	—	850 acres

The total of 850 acres can now be used to make an interesting comparison. Biologists calculate that salt marshes produce 24 million calories per acre per year. According to the New Hampshire Department of Agriculture average corn crops in New Hampshire can produce 10-15 million calories per acre per year or roughly one-half the production of salt marshland.

Gross income from the best garden crops in New Hampshire is in the neighborhood of $1500 per acre per year. Therefore, since marshland is twice as productive as farmland an acre of salt marsh is worth $3000 per acre per year. Multiply this by 850 acres and the Rye marshes on a comparative basis with garden crops would be worth some two and one-half million dollars per year in nutrient value.

What role do nutrients play in the salt marsh system? A portion of the nutrients produced by various marsh grasses and algae are flushed by tidal action out of Rye marshes into bordering coastal waters. Here they feed minute bacteria, which in turn are preyed on by snails and small fishes, and these in turn by larger fishes such as flounder, cod, hake, pollock, mackerel, haddock and even the ornery critter himself, the American lobster.

Other nutrients feed small microscopic plants which sustain limited soft-shell clam flats and even an oyster bed in Rye waters.

Still other nutrients feed bacteria which are utilized by many species of shorebirds and waterfowl. The list of interactions goes on and on in a never ending complex web or network. Destroy any part of this intricate balance of nature and who is to say what valuable forms of animal and plant life might disappear.

To prevent destruction of the marshes effort must be exerted by the residents and property holders of the town toward preservation. Two methods are available:

1. The Rye Conservation Commission is empowered by law to receive money and property both real and personal, in the name of the Town of Rye subject to the approval of the selectmen, such gifts to be managed by the commission.

2. By appearing and voicing disapproval and dissent before the New Hampshire State Port Authority which is empowered by law to approve or deny petitions for dredging and filling of property within tidal waters.

The commission sincerely hopes that the people of Rye and whoever might chance to read this pamphlet will be interested and active in the preservation and wise management of the Rye Salt Marshes.

Picture and drawings by William C. Ayer

Across the narrow beach we flit,
One little sandpiper and I,
And fast I gather, bit by bit,
The scattered driftwood bleached and dry.
The wild waves reach their hands for it,
The wild wind raves, the tide runs high,
As up and down the beach we flit, —
One little sandpiper and I.

CELIA THAXTER

Rye Conservation Commission

The year 1967 has seen the Rye Conservation Commission mapping the Town and State owned areas in Rye, to be followed up by individually owned salt marsh areas.

The commission voted to issue a folder on the Rye salt marshes. This folder suppliments the previous folders sent out on the subject of salt marshes in general, and focuses the attention on the value of our own Rye salt marshes. We hope these folders, issued with the Town Report, will prove attractive, interesting and instructive of the irreplacable value of marshland, to the Townspeople of Rye.

The commission is working on a project to clear the old "Tote Roads", located in Rye, and establish controlled access to same, with the intent of relieving these areas of fire hazards.

The commission hopes to send one or more High School students to the Spruce Pond Conservation Camp, June 23-June 29, at Bear Brook State Park, Allenstown, N. H. Folders describing this camp will be available at the Rye library.

It was voted to hold an open meeting in April, date to be announced, at which we hope to engage a speaker upon a subject of vital interest to Rye residents.

To enable us to carry out our projects as described, we recommend at this time that the sum of $500.00 be included in the Town Budget for our use.

The commission wishes to thank the following people for accepting our invitation to speak at our meetings and lend valuable suggestions and aid to our endeavors: Elizabeth A. Greene, legislator, Thomas V. Binmore, Marine Biologist, Richard B. Pinney, Conservation Officer, N. H. Fish and Game, Bradley A. Conner, Chairman, Great Bay Waterfowler's Association, and William C. Ayer, Marine Biologist, N. H. Fish and Game.

Also to Mr. Richard E. Dill, for legal services to us.

Historic District Commission

The Historic District Commission was created by the Town at the 1966 Town Meeting and began holding formal meetings in 1967.

During the past year the Commission has cooperated with and made recommendations to the Planning Board. Also, plans as presented by the Selectmen, for straighten and widening Lang Road were reviewed.

To fulfill the purposes of the District some small appropriation may be necessary for professional guidance.

Respectfully submitted,

NORMAN F. C. KENT,
Chairman

Cemetery Trustees

Report of Trustees of Trust Funds

This report contains complete reports of the library funds, miscellaneous town funds, and the Dalton Fund. This year only the subtotals of the many cemetery funds are given. This has been done, as it was last year, to cut down the size and expense of the town report. A detailed report of each cemetery fund is posted at the town office.

This year a new flagpole was purchased for the cemetery. The expense was divided between the Dalton Fund and a cemetery fund that was left for general improvements of the cemetery. It is hoped that the flag will be flown as often as possible.

On December 25, 1856, Daniel Austin created a fund to maintain a medicine chest on the Isles of Shoals. This fund has been unused for many years, and the value of the fund has grown from $100.00 to $1,152.51. This fund was assigned to the Trustees of Trust Funds during 1965. We wish to make these facts known with the hope that some organization will be willing to establish an area on the Shoals where first aid supplies and survival equipment could be kept. The expense of the project would be paid by the fund, as such a project would comply with the stipulations of the trust.

RAELENE L. WHITE, Town Clerk.

1967 REPRINT

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Rye in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Rye on Tuesday the fourteenth day of March, next, at ten o'clock in the forenoon, to vote upon the following subject:

Article 1. To choose all necessary Town Officers for the year ensuing.

Article 2. To choose all necessary officers for the Rye School District in accordance with the statutory procedure adopted by said District at its March 1962 annual meeting.

Article 3. On the petition of Henry J. Cavaretta and eleven others to see if the Town will vote to rezone from single residence to commercial district a parcel of land on Lafayette Road owned by the above named petitioner and described as follows; said land lies on the easterly side of Lafayette Road, having a frontage thereon of three hundred nine (309) feet and is bounded northerly by land of Carpenter; southerly by land of Ham. Rezoning to a depth of three hundred (300) feet is requested. The petitioners are owners of the land adjoining on the east. This petition was approved by the Planning Board after two public hearings were held thereon.

You are hereby further notified to meet at the Rye Junior High School on the above date at eight o'clock in the evening to vote upon the following subjects:

Article 4. To see if the Town will authorize the Selectmen to hire money from the Trustees of Trust Funds.

Article 5. To see if the Town will authorize the Selectmen to hire money in anticipation of taxes.

Article 6. To see if the Town will vote to allow five percent discount on all property taxes paid on or before October 1, 1967.

Article 7. To see if the Town will vote to authorize

the Selectmen to lease Sawyer's Beach, so called, from the owners for another year.

Article 8. To see if the Town will vote to authorize the Selectmen to convey, without charge, to the Rye School District that remaining parcel of land upon which certain of the grounds of the Central School, so called, is situated and being the same premises conveyed by deed of George W. Hills, Sarah E. W. Hills, Mary B. White and Elizabeth W. White to the Town of Rye, dated July 7, 1893, and recorded in the Rockingham County Registry of Deeds, Book 538, Page 158.

Article 9. To see if the Town will vote to change the name of that part of "Locke Road" in the Town of Rye, off of Causeway Road and leading into Little Boars Head District in the Town of North Hampton, to "Old Locke Road", to avoid confusion with other roads of the same name in the Towns of Rye, North Hampton and Hampton.

Article 10. To see if the Town will vote to raise and appropriate the sum of one thousand five hundred ($1,500.00) dollars as a donation from the Town of Rye to the Portsmouth Mental Health Clinic.

Article 11. To see if the Town will vote to raise and appropriate the sum of eleven thousand five hundred ($11,-500.00) dollars to build two tennis courts, to build one warm-up shelter, to install barbecue and clambake facilities and for engineering and planning expenses as recommended by the Recreation Commission. These facilities to be built and installed at the Rye Harbor Reservation.

Article 12. To see if the Town will vote to raise and appropriate the sum of three thousand dollars ($3,000.00) to erect a picnic shelter at the Rye Harbor Reservation.

Article 13. To see if the Town will vote to raise and appropriate the sum of one thousand seven hundred sixty dollars ($1,760.00) to provide a director and three assistants to direct a recreation program at the Rye Harbor Reservation for a period of eight weeks.

Article 14. On petition of Robert V. O'Brien and ten others:

To see if the Town of Rye, N. H. will vote to amend or add to the Beach Ordinance approved by the Town at the March 1954 Town Meeting the following:

Between the hours of 9:00 A.M. and 6:00 P.M. from June 1 until Sept. 15 that area of the beach beginning at a cul-

vert extending across Route 1A from so called Eel Pond to the Atlantic Ocean for a distance of 100 yards, southerly along Sawyers Beach so called; and for a distance of 100 yards northerly along Brown's Beach, so called shall be set aside as a surfing area for the exclusive use of surfboards and that suitable markers be erected designating the area as such. The above designated area may be further identified as lot #1 and part of lot #2 on the Rye Tax Map Plan 18 and part of lot #11, Plan 21.

Article 15. On petition of James J. Cavaretta and nine others:

To see if the Town will vote to accept the following streets:

Oral Lane, so called, running easterly from Sagamore Road one hundred eighty (180) feet, more or less, to Foyes Road so called;

Foyes Road, so called, running southeasterly from Oral Lane three hundred fifty (350) feet, more or less, to Frontier Street so called and

Frontier Street, so called running easterly from Foyes Road four hundred eighty (480) feet, more or less, to land now or formerly of Peter Rabbit Nursery School, Inc., and for such purpose to accept a Warranty Deed from Cavaretta Realty Corporation to the Town of Rye, dated December 12, 1966 conveying said streets to the Town of Rye.

Article 16. To raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year.

Article 17. To transact any other business that may legally come before this meeting.

Polls Will Not Close Before Six O'clock P. M.
Business Meeting at eight o'clock P. M.
at the Rye Junior High School Auditorium.

Given under our hand and seal this fifteenth day of February in the year of our Lord nineteen hundred and sixty seven.

EDWARD L. GREENE,
RALPH F. HAMMOND,
ROBERT B. GOSS,
Selectmen of Rye

A true copy of Warrant—Attest:

EDWARD L. GREENE,
RALPH F. HAMMOND,
ROBERT B. GOSS,
Selectmen of Rye
